E-LASS

RAMSSES
S.A. - S. R. L. - S. R. L. - S. R. L.

With more than 300 members and a regular participation of around 80-100 attendees at each event, E-LASS (The European network for lightweight applications at sea) gather stakeholders interested in lightweight design for the maritime industry.

Through annual seminars and industry tours around Europe, E-LASS represents a unique lightweight arena in the maritime sector.

E-LASS is completely free of charge, enabling information to flow freely and collaborations to happen. In order for us to keep it this way, we welcome potential sponsors at all of our events to make sure the quality remains high while keeping membership and information free.

Take a look on the next slide to find out exactly what perks and advantages you get by sponsoring an E-LASS event.

Sponsoring the event
