

SARGASSO

Providing infrastructure for open
innovation and collaboration

The story

Swedish Marine Technological Forum

Open innovation?

A strong believe in **sharing** and **collaboration** in a fast-changing world

Cross-industry development with focus on the **Maritime Industry**

Fast easy and simple process

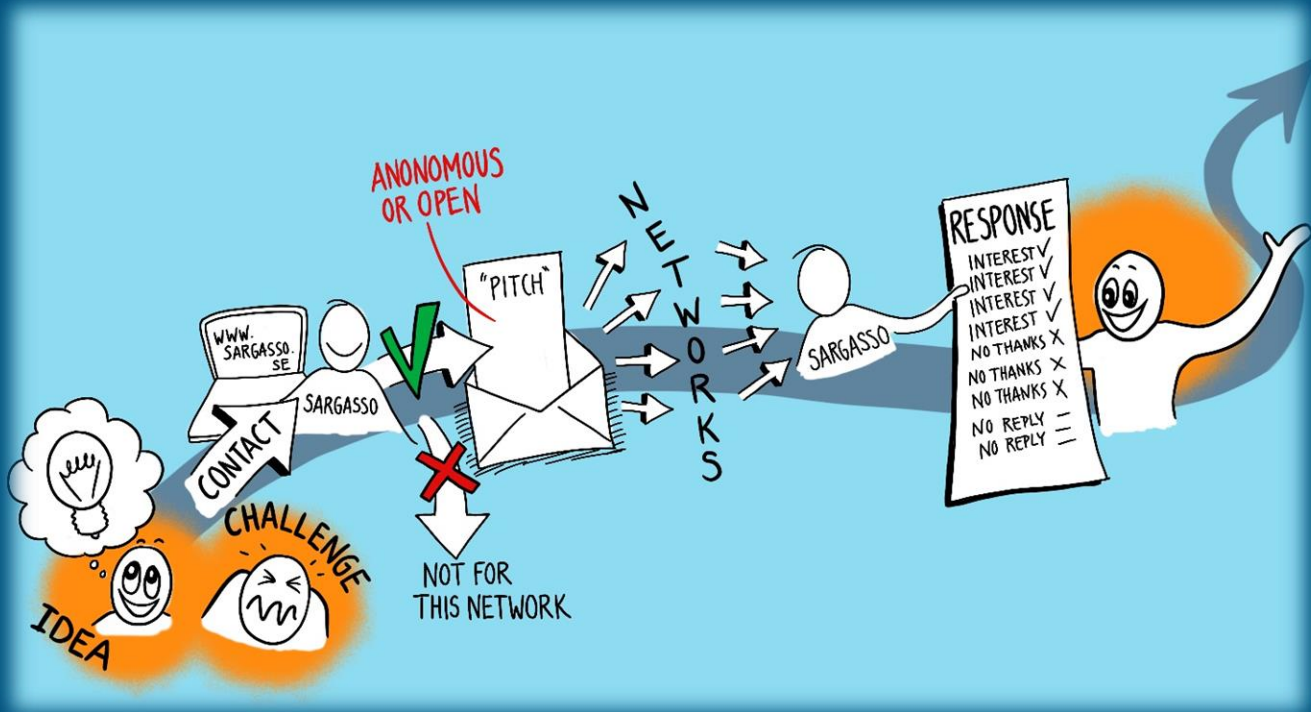

SARGASSO

What's SARGASSO all about?

- An independent platform
We do not have any business interest in your opportunity
- Builds on existing innovation structures
Not another platform
- A structured process
- Nonprofit
- Need and value driven
- Large network from different industries - We like diversity!
About 1500 companies connected through our partners
- Full non-disclosure set-up allowing you to investigate potential interest without losing ownership of your idea

The Process

The details

- Deals with 2 types of requests

Request for project partners

When you have an idea and want to find partners for a development project.

Request for development co-operation

When you have a product or service that needs improvement with the help of external partners.
